The Honorable Sally Jewell
Secretary
U.S. Department of the Interior
1849 C Street NW
Washington, D.C. 20240

Dear Madam Secretary:

On January 21, 2016, the National Park Service published its intent to designate land in Pinal County, Arizona as a national historic site.¹ The Committee is concerned that this designation undermines the Southeast Arizona Land Exchange and Conservation Act of 2014.² The Act facilitated a land transfer to allow for the development of a copper mine in the area that would create roughly 4,000 new jobs and generate \$60 billion for Arizona's economy.³ The Administration's designation appears to be incompatible with that plan. Moreover, the claim that the land should be protected as a sacred Apache Indian site has been most notably disputed by local Apache historian Dale Miles.⁴ Mr. Miles recalled that a copper mine shaft was built on the property in 1970 without any claims that the land was sacred.⁵

Furthermore, the *Federal Register* notice omits the land's formal address and provides no means to allow the public to reasonably identify the location.⁶ In response, Reps. Paul Gosar (R-AZ) and Ann Kirkpatrick (D-AZ) warned that "it is virtually impossible for our constituents who may be affected to participate in the public comment period," and questioned whether the notice complies with the Administrative Procedure Act.⁷

The Constitution vests legislative powers with Congress.⁸ The Committee is concerned that the Administration's action with respect to land covered by the Southeast Arizona Land

You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.

7. Documents produced in response to this request shall be produced together with copies of file labels, dividers or identifying markers with which they were associated when the request was served.
8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.
13. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.
14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.
15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.
16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.
17. All documents shall be Bates-stamped sequentially and produced sequentially.

When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
