The Honorable Paul Gosar
U.S. House of Representatives
504 Cannon House Office Building
Washington, DC 20515

Re: Sundance Helicopters support of H.R. 4924, entitled "Bill Williams River Water Rights Settlement Act of 2014,"
113th Congress

Dear Congressman Gosar,

Sundance Helicopters writes to you to express our support for the Bill Williams River Water Rights Settlement Act of 2014, and to also express our thanks for your sponsorship of this bill. As a longtime partner of the Hualapai Nation, Sundance Helicopters appreciates you championing this issue, which will help the Tribe secure vital water rights in the Bill Williams River watershed.

The Hualapai Nation continues to be a trusted partner in our Grand Canyon tour operations, and we are proud to support H.R. 4924 on their behalf. The Tribe has committed to working with all interested stakeholders to reach a fair settlement of the claims within the Bill Williams River watershed addressed in this bill, and we applaud them for their efforts to promote its passage and timely resolution.

In addition to the watershed claims settlement, your bill aims to affect its community in a number of other ways that Sundance Helicopters supports as a stakeholder of the local business community in Arizona and Nevada. Sundance Helicopters has been part of these communities for over 30 years, and further supports H.R. 4924 because of the prospect that it will support the local economy in a number of ways. Not only will your bill benefit local property owners with a positive effect on net water in the basin, it will also ensure the future of the Bagdad Mine in Arizona. The Bagdad Mine provides approximately 4,000 total employees, with an estimated \$340 million economic impact to the Arizona economy.

Once again, thank you for your sponsorship of the Hualapai Nation's efforts to seek a fair resolution to settling the claims addressed in your bill. If you or your office would like more information, please feel free to contact me at bob@sundancehelicopters.com or (702) 949-3487. Our corporate office Government Relations Team is also available to you: Ruthie Hubka, Government Relations Specialist ruthie.hubka@airmethods.com or (303) 792-7464.

Respectfully,

A handwritten signature in blue ink that reads "Bob Engelbrecht".

Bob Engelbrecht
Chief Executive Officer
Sundance Helicopters
