

Tomorrow night, THURSDAY APRIL 28TH beginning at 7:00 PM/MST, I will be hosting a live telephone townhall for constituents living in Arizona's 4th Congressional district. This is your chance to join the conversation and share your thoughts about today's biggest issues facing Arizona and the United States

There will be opportunities for you to speak with me 1 on 1 and directly ask me your questions. **If you've got something to say, I want to hear it!**

To join the telephone townhall, you can dial the following toll free phone number beginning at 7:00 PM/MST:

877-353-4701

Your engagement helps me better represent **YOU** in Congress and ensures that your priorities are given a voice in our nation's capital.

Tomorrow night I will be focusing on the importance of taking back **the Power of the Purse**.

This year, I am proud to have submitted more conservative appropriations submissions than any other Republican in the House. That shouldn't come as a surprise to anyone though as I have established a reputation as one of [the most effective members in Congress](#). **Eliminating waste, fraud and abuse** has been one of my top priorities and in 2015, I led the House in total appropriations amendments passed and cut millions of dollars of wasteful federal spending.

This process is how we defund Obama's lawlessness, eliminate wasteful spending and prioritize resources for what's really important like supporting our nation's veterans and securing the border. It's just that simple. The House is given this power to act as a check against a lawless executive branch and hold bureaucrats accountable for their actions.

In total, I personally led 47 different appropriations submissions in fiscal year 2017 which you can learn more about by clicking on the links below:
