## Attorney General Holder Doesn't Want You To Read This

Archived June 22

Dear Friend,

The drumbeat grows, as 66 new House Members signed my Resolution of No Confidence in Attorney General Eric Holder (H. Res. 35) this month alone, which brings the total number of co-sponsors to 122. From the botched Operation Fast and Furious to the targeting of reporter James Rosen, AG Holder has lost the trust of the American public, and it is time for him to resign.

Please click below or [HERE](#) to watch my interview with the Hill.

NewsMax also covered my efforts [HERE](#).

Do you support the Resolution of No Confidence in Attorney General Holder? Become a citizen co-sponsor [HERE](#).

### Stand Up Against Abusive Government

If the IRS can target and discriminate against one group of Americans, it can do it to anyone. On Thursday, I joined patriots and concerned citizens on the lawn of the United States Capitol to speak out against IRS bully tactics.

Those who defy the rule of law must be held accountable. That is why I recently introduced the [IRS Anti-Abuse Act](#), which would make it illegal to discriminate against organizations and individuals based on political affiliation and ideology.

Please click below or [HERE](#) to view my speech at the "Audit the IRS" rally.

(Rep. Gosar speaking at the Audit the IRS rally in Washington, D.C., June 19, 2013)

It was a great crowd and I was honored to speak. We must hold this egregious government accountable. Please join me in fighting back against IRS bully tactics.

#### **REMINDER: Let Your Voice Be Heard**

As a reminder, I am hosting a Congressional Field Hearing with Reps. Matt Salmon (AZ-05), David Schweikert (AZ-06) and Trent Franks (AZ-08) entitled, "The I.R.S. and the E.P.A. Bureaucrats Out-of-Control?" on July 1st at the **Activity Center, Building 83 on the campus of Embry-Riddle Aeronautical University** in Prescott. You will be able to hear testimony on IRS targeting and EPA abuse. Click [HERE](#) or the video below to learn more.

The hearing starts at 4:00 p.m. and is **OPEN TO THE PUBLIC**.

To share your story of how the EPA affects you or of IRS abuse visit my House website [HERE](#).

Attorney General Tom Horne and State Representative Brenda Barton will be special guests who are also offering testimony.

I spoke with Governor Mike Huckabee about the IRS and EPA abusing the American public. Please listen below or [HERE](#) to my interview.

(Rep. Gosar spoke with Governor Huckabee about the upcoming Congressional Field Hearing in Prescott, June 17, 2013)

### **The Doce Wildfire**

My thoughts and prayers are with the residents and the first responders currently facing the Doce fire northwest of Prescott. Please stay safe.

(The Doce fire near Prescott, June 20, 2013)

This year, I introduced the Catastrophic Wildfire Prevention Act of 2013 (H.R. 1345) a forest health bill that seeks to reduce government bureaucracy so that wildfire prevention projects can move forward quickly when the public is at risk.

You can view wildfire resources on my website by visiting: <http://gosar.house.gov/issue/wildfire-prevention>.

### **Jerome Local Businesses and Residents Share Their Concerns**

It was fitting that during National Small Business Week, I held a business roundtable in Jerome to discuss the economy, jobs, and cutting through the federal government's burdensome red-tape. I believe it is the private sector and not the government that is going to get our economy back on track.

(Rep. Gosar discusses the budget in Jerome, June 21, 2013)

From repealing Obamacare to calling for a common-sense tax code, those in attendance made it clear that businesses create jobs, not government. Thank you to everyone who attended the event.

### **'All-of-the-Above' Energy Policy**

People throughout Arizona and across the nation are suffering from the effects of our down economy. Prices at the pump continue to rise and electric bills are increasing as we enter the heat of the summer. More than 11 million Americans

are still without work and a staggering 90 million have fallen out of the labor force. People are counting on their elected officials to take action and get this economy moving again.

If we focus on sustainable resource development we can jumpstart this economy. We must embrace an all-of-the-above energy policy, which encourages responsible development of our natural resources and expands domestic energy production.

An all-of-the-above energy policy must include renewable sources like wind, solar, hydropower and biomass, along with coal and domestically-produced oil and natural gas.

Here in Arizona, we are poised for an economic boom.

### **Visiting Patients in Cottonwood**

On Friday, I traveled to Cottonwood to visit dialysis patients and the medical professionals providing them care.

(Rep. Gosar speaks with a doctor and patient at a medical facility, June 21, 2013)

### **Protect The Unborn**

I have taken many votes since being elected. Few hold such a significant purpose as those intended to save a life and prevent the pain and torture of abortion. This week, I voted for H.R. 1797, the Pain-Capable Unborn Child Protection Act sponsored by Arizona's own Congressman Trent Franks.

This bill prohibits abortions after 20 weeks with rare life or death exceptions. We must protect the unborn.

### **Correcting A Decades-Old Survey Error**

This week, my legislation, the Mountaineer Relief Bill (H.R. 862), passed the United States House of Representatives. This legislation settles a federal land boundary dispute by correcting a decades-old surveying error that put part of some people's private property inside the boundaries of the Coconino National Forest.

(Rep. Gosar on the House floor urging his colleagues to pass the Mountaineer Relief Bill, June 17, 2013)

I find it frustrating, yet emblematic of the current state of affairs, that it has taken years and an act of Congress to correct a survey error. Fortunately, after today's vote, we are closer to correcting a wrong and removing an unfair burden from affected Arizonans.

Click [HERE](#) or above to watch video of my floor speech on the importance of this legislation.

### **Hearing From You**

My office and I have responded to more than **3,000 letters from constituents this month** alone concerning issues ranging from immigration reform to second amendment rights. This is great news. I have always encouraged constituents to share their ideas on how we can find solutions to the problems that face our country.

Please pick up that pen, give my office a call, or send me a Facebook message to let me know what issues matter to you. [I look forward to hearing from you.](#)

### **Obamacare Malady of the Week**

With Obamacare, life-and-death medical decisions will be made by a group of bureaucrats, selected by the President. Read More [HERE](#).

## **Congressional District 4: DID YOU KNOW?**

The 2013 movie “Last Stand” with Arnold Scchwarznegger as a small town Sheriff of “Somerton Junction” near Yuma involves a chase from Las Vegas to the Mexican border and travels through Congressional District 4 from Bullhead City on South.

### **MARK YOUR CALENDAR**

Congressman Mick Mulvaney (SC-05) and I will hold a joint town hall, focused on the economy, in Prescott on Monday, June 24.

(Reps. Gosar and Mulvaney pose with the Gadsden Flag outside Rep. Gosar's office in Washington, D.C., May 10, 2013)

This event will be held at the Embry-Riddle Aeronautical University and it is OPEN TO THE PUBLIC.

MONDAY, JUNE 24, 2013

### **REPS. GOSAR AND MULVANEY JOINT ECONOMIC TOWN HALL**

TIME: 6:30PM- 7:30PM

LOCATION: Student Union, Building 16  
Embry-Riddle Aeronautical University  
3700 Willow Creek Road  
Prescott, AZ 86301

View a flyer for this event [HERE](#).

As always, you can follow everything I am working on in Arizona and Washington, D.C. through my website (<http://gosar.house.gov>) on Twitter [@repgosar](#), or through [Facebook](#) at Representative Paul Gosar.

Sincerely,

A handwritten signature in blue ink that reads "Paul A. Gosar" followed by a stylized flourish.

Paul A. Gosar, D.D.S.  
Member of Congress
