Archived May 1st, 2012

Dear Friend,

I would like to keep you up to date with the latest from the House of Representatives, as well as inform you of upcoming events in Arizona.

Congressman Gosar Introduces Bill to Cut Wasteful Union Spending and Save Taxpayers Billions

I recently introduced the Fiscal Responsibility in Federal Contracting Act ([H.R.4403](#)). This legislation suspends the onerous and outdated wage requirements of the Davis-Bacon Act, saving the American taxpayer billions of dollars and allowing contractors to put more people to work.

U.S. Reaffirms Israel's Right to Defend Itself against Iranian Aggression and Threats

As we celebrated the 64th anniversary of the independence of Israel this past week, I introduced a [resolution](#) (H. Res. 630) to the House Foreign Affairs Committee to assure the Israeli government and its people that the United States reaffirms Israel's right to defend itself against Iranian aggression and threats.

Protecting Your Privacy Rights

The United States faces millions of cyber threats a day, and I believe it is necessary to protect ourselves. However, in doing so we must not give up our privacy rights. That is why I voted against the Cyber Intelligence Sharing and Protection Act (CISPA).

Rep. Gosar Thanks Art Contest Judges and Participants

Each spring, a nation-wide high school arts competition is sponsored by the Members of the U.S. House of Representatives. The Artistic Discovery Contest is an opportunity to recognize and encourage the artistic talent in each congressional district. I give thanks to this year's judges and participants.
