Resolution Copper Mining
402 West Main Street
Superior, AZ 85173

Dear Community Relations Committee,

Thank you for your generous contributions you have made over the past few years to support the Superior Little League.

Through your generosity of over \$33,000 in direct and in-kind contributions, much needed renovations have been made possible to the Superior Little League Baseball Field. These renovations have improved the safety and the quality of play for our athletes. In 2011 you provided for the installation of grass on our field. Prior to this our field has never had grass, for this, we cannot express enough appreciation.

We are grateful for all you have done for us and for all the local organizations in our community. We look forward to our continued relationship for many years to come. On behalf of the board, volunteers and athletes, we thank you for your support.

Sincerely,

Armida Denogean
President
